

## Sony HVR-Z1 / HDR-FX1

### Sony HVR-Z1 / HDR-FX1 with clip-on Vocas MB-200 mattebox:

For optimal compact and lightweight operation the Vocas MB-200 mattebox can be used as clip-on mattebox.

Kit "C-72SF", Item #0200-1072. For Sony HVR-Z1U / HDR-FX1 (HDV) without wide-angle converter.

#### This kit consists of:

-DV mattebox MB-200, with special 4"x4" Aluminium filter frames (Item #0310-0011) for this camera. Item #0200-0200.

-Step down adapter ring 105 mm to M72. Item #0250-0140.

-DV French flag. Item #0250-0020.

***Care should be taken when using a clip-on mattebox to avoid damage to your equipment. We do not recommend the use of a clip-on mattebox in conjunction with a wide angle converter. Vocas is not responsible for any damage caused to your equipment through the use of a clip-on mattebox.***

### Sony HVR-Z1 / HDR-FX1 with clip-on Vocas MB-250 mattebox:

For optimal compact operation with maximum possibilities the Vocas MB-250 mattebox can be used as clip-on mattebox.

Only if a wide-angle converter is used on the Panasonic DVX-100, the MB-250 mattebox is needed.

Kit "W-72SF", Item #0250-1072. For Sony HVR-Z1U / HDR-FX1 (HDV) with or without wide-angle converter.

#### This kit consists of:

-DV mattebox MB-250, with French flag and special 4"x4" filter frames (Item #0310-0011) for this camera. Item #0200-0250.

-Step down adapter ring 105 mm to M72. Item #0250-0140.

***Care should be taken when using a clip-on mattebox to avoid damage to your equipment. We do not recommend the use of a clip-on mattebox in conjunction with a wide angle converter. Vocas is not responsible for any damage caused to your equipment through the use of a clip-on mattebox.***

---

### Sony HVR-Z1U / HDR-FX1 with Vocas MB-250 on 15 mm rail support:

For better support and safety for your camera, we recommend using a 15 mm mattebox support. This support has a flat base and allows the use on all tripods. Only if a wide-angle converter is used on the Panasonic DVX-100, the MB-250 mattebox is needed.
